Re: Amendment To Application

To whom it may concern:

I respectfully submit the following amendment to my Patent Application  
no. 10/692,485 - Filing date - 10/27/2003 - Title of Invention-Fit-N-Bag.

Please note that I have retyped pages 2, 3, and 4 in its entirety so that they may then be put to the Specification section of the application.

I have also included the original pages with markings to show changes made.

## LINE CHANGE

The above is submitted to correct typographical and subsequent substantive errors contained in the original submission dated and signed 10/10/03.

As a result of same I have had to correct the drawings and have included new ones together with the amendment. they are:

Figure #2 should now be drawing dated corrected 11/30/03

Figure #3      "      "      "      "      "      "      "

Respectfully yours,

Respectfully yours,

*Paul Hagen*
